

# CLIL TEACHING SKILLS FOR TEACHERS

## Overview

CLIL Teaching Skills for Teachers course focuses on providing a general overview of this teaching methodology by enhancing and improving the individual's language awareness and teaching skills. Participants look at how to incorporate EFL (English as a Foreign Language) techniques into subject teaching to aid learner understanding of instructions and explanations. The course also aims to raise participants' awareness of the importance of collaboration across English and subject departments and the use of peer observation as a tool for professional development.

Delivered to classes of small groups by way of presentations, guided discovery and class activities. Subject specific lessons may also be delivered to closed groups

## Learning Outcomes

- Develop an understanding of the key principles of CLIL
- Explore ways of integrating subject and language learning
- Share teaching ideas from your own classroom experience
- Investigate a range of materials and activities for a CLIL curriculum
- Learn to adapt materials to your own teaching context
- Expand your range of teaching techniques.
- Understand which teaching methods are most effective.
- Help your students to become more motivated and autonomous learners.
- Become more aware of different learning needs and how best to meet them.
- Gain confidence in error correction by balancing accuracy with fluency.
- Raise awareness of different strategies for error correction.
